

# INSTALLATION OF FILTER BAG

1. Turn the unit upside down.
2. Remove the bottom lid assembly. This is the tray that holds the filter bag.
3. Remove the filter bag clips and then remove the filter bag.
4. Install the new filter bag, making sure that the air grommets are positioned as shown in figure 1.
5. Push the ends of the filter bag towards the middle and reinstall the filter bag clips onto the new bag as shown in figure 2.
6. Reinstall the bottom lid assembly.
7. Congratulations! You have successfully installed your new filter bag!
